Students join a 5 piece band. The instrumentation of the band is piano, guitar, bass, drums and voice, like a small rock band or jazz band. The band follows a detailed curriculum of songs and writes their own songs, and each band member learns every song on all 4 instruments! This helps facilitate a comprehensive understanding of the music and boosts skills like composition, improvising, and interacting with other band members.

TC Collins, Founder of Willow Run Acres is a Master Gardner, Farmer and community philanthropist. He guides our community garden and agriculture education in County Farm Park. TC manages over 22 gardens and farms throughout Michigan and Ohio. He also reaches over 1,200 students with his classes, workshops, volunteerism and community engagement through gardening and farming every year.
